

## LOCAL NEWS.

**THE PRESIDENT'S HOUSE** will, as usual, be open this day, for the reception of such of his fellow-citizens, and strangers, as may be disposed to exchange salutations with the President of the United States.

**CIRCUIT COURT.**—This Court, after the hearing of further arguments in the *Hall* case, and without coming to a conclusion, adjourned over until Wednesday, the 3d inst. We shall advise our readers of the final decision in this long-drawn out and peculiar case, immediately upon the rendering thereof.

**FAIR FOR THE POOR.**—"Concert Hall" was crowded on Saturday night—delightful music—beautiful young ladies—benevolent gentlemen—and a choice display of useful and fancy articles. What more can be needed! The "mysterious stranger" who created so great a sensation on Friday and Saturday night expressed his admiration of the affair in the warmest terms, and avowed his determination to be present every evening. His liberality does him honor.

**FAIR AT CARUSI'S.**—We are informed that this popular place of resort will remain open during the whole of this week; and, in addition to the attractions already offered, the services of a fine band of music have been secured, who will enliven the company with choice marches, waltzes, &c. We anticipate a *jam* to-night.

**SOMETHING NEW.**—The *National Theatre* will be opened this evening as a circus, it having been tastefully fitted up for that purpose. We judge from the Baltimore papers that the corps of equestrians, with their splendid stud of horses, are well deserving patronage.

**THE STATUARY** representing the trial of Christ, at Apollo Hall, will, positively close to-day, as it is advertised to be opened at Alexandria on tomorrow. Our citizens who have not yet seen it, would do well by going to-day.

**BRUTAL OUTRAGE.**—On Friday night last, about 10 o'clock, a poor white female was assaulted by a band of eight or ten ruffians, calling themselves "*Rangers*," on Pennsylvania Avenue, near 4th street, and her thigh broken, and otherwise maltreated by them. She was taken to the poor-house, and after some deliberation, was taken in; and we are informed by a respectable citizen, that there was not in the establishment even a sufficiency of bandages, nor a particle of apparatus of any kind necessary to afford relief to the unfortunate sufferer. We do not know which to condemn most, the *previous* or *after* treatment she received. The circumstances, if true, deserve and no doubt will receive inquiry by the proper authority.

**CIGARS.**—The acknowledgments of the Standard, and all thereunto belonging, are due to Mr. Winter, Cigar Importer and Dealer in Tobacco, &c., for a luxurious puffing away of care, in the enjoyment of some delicious and genuine *Habanas*, Cazedores, &c., sent to us from his establishment. You who are in want of a good Cigar, give him a call; and, if you will take our recommendation, puff a Leeshore—one trial of them will induce a repetition.

**MORE SMOKE.**—Since writing the foregoing, the old saw of "it never rains, &c." has been forcibly impressed upon us by the receipt of another lot of choice Cigars and superior Virginia Chewing Tobacco, from the store of Mr. William Morrow, Apollo Hall, which we pronounce truly fine, and worthy the inspection of all who use these articles.

**MEDICAL SOCIETY OF THE DISTRICT OF COLUMBIA.**—The annual meeting of this Society will be held this day, at 2 o'clock, P. M., at the Medical College. **JOSEPH BURROWS, M.D.,** Recording Secretary.

**A GREAT TEMPERANCE MASS MEETING** will be held at the Wesleyan Chapel on this new year night. The Sons of Temperance have consented to visit the meeting in a body, with their regalia. Several members of Congress and Mr. Scott, a Baltimore "Washingtonian," will address the meeting. **GEO. SAVAGE, President.**

**SONS OF TEMPERANCE, TIMOTHY DIVISION No. 1, D. C.,** will assemble at their room, on Monday evening, January 1, at early candlelight, for the purpose of attending the Total Abstinence Mass Meeting, to be held at the Wesley Chapel. Brothers visiting the city are respectfully invited to join with the Division. **GEO. COCHRAN, W. P.**

**WASHINGTON LIGHT INFANTRY.**—The regular monthly meeting of the corps will be held at the armory on this (Monday) evening at 7½ o'clock, when every member is requested to attend. **JOS. B. TATE, Secretary.**

**NOTICE.**—On account of the Fair now being held at Concert Hall (Todd's), the Pupils of my Juvenile Vocal Class will meet, as usual, at Apollo Hall, on Monday afternoon next, at 4 o'clock. The pupils are requested to be punctual. The ladies and gentlemen of the Senior Class will meet at my house on Wednesday afternoon, as usual. The Evening Class of ladies and gentlemen will be formed at Concert Hall on Monday evening, the 16th of January, when a regular course of vocal instruction will be commenced. **JOHN H. HEWITT, Professor of Music.**

**THE STOCKHOLDERS** in the Firemen's Insurance Company, who are members of the PERSEVERANCE FIRE COMPANY, are notified that an election for Directors will be held on Monday evening, January 1, at half past 7 o'clock, at the engine house. **GEO. S. GIDEON, Sec. P. F. Co.**

**COLUMBIA ARTILLERY, ATTENTION!**—You are notified to attend a stated meeting of the company, to be held at their room on Tuesday evening, January 3, 1844, at 7 o'clock. **R. J. POLLARD, Secretary.**

**EDWARD McCUBBIN, BARBER AND HAIR-DRESSER,**  
Temple of Fashion, No. 1, 8th street, near Penn. avenue.

**McCUBBIN** returns his grateful acknowledgments to his friends, and begs leave to inform them that he still continues involved in *BARBERS!* To those who will give countenance to his operations, he promises the very luxuries of his art. He will "smooth the wrinkled face of care," and disencumber the Temple of the Soul of its superfluous adornments. He has a spice of chivalry in his constitution, and will take by the nose any one who has the courage to obtrude that facial appendage within the sanctity of his studio. In short, in the way of his vocation, he would

"Beard the lion in his den,  
"The Douglas in his hall!"

In order to be appreciated, he must be seen and felt.

## PERIFOCAL, OR AMERICAN PERISCOPE SPECTACLES.

**SUPERIOR** to any other kind in use, constructed in accordance with the philosophy of Nature, in the peculiar form of a CONCAVO-CONVEX ELLIPSE; admirably adapted to the organs of Sight, and perfectly natural to the eye; affording altogether the best artificial help to the human vision ever invented. They are manufactured only by H. M. PAINE & Co., Massachusetts, and can be obtained in this city of

**S. MASI,**  
At his store on Pennsylvania avenue, near Gadsby's, to whom we have consigned a large assortment, suited to every age and condition of the eye.

The Perifocal Glasses can be used for the greatest length of time, either by day or night, with perfect ease, (when selected to suit the state of the eye,) and never cause that giddiness of the head, or unpleasant sensation to the eyes, that many experience from using the common kind, but tend to strengthen and improve the sight; as will be seen by the numerous testimonials from those who have used them, which can be examined by calling as above. We ask particular attention to the following certificate:

**PHILADELPHIA, March 1, 1843.**  
I have recommended the Perifocal Spectacles to several patients, and have received from most of them warm recommendations upon the article. They assert that these Glasses do not fatigue the eyes by long use, as is apt to be the case with the double convex Spectacles, while the command of the eyes over the objects of vision is much greater. This corresponds with the opinion any optician would form from his knowledge of the principles upon which these Glasses are adjusted—so as to converge the rays coming from different quarters to the same focal distance. The eyes can be turned to a considerable extent, therefore, under these Glasses, without involving the necessity of moving the head.  
**GEO. McLELLAN, M. D.,**  
148 Walnut street.

**Perifocal Glasses** put into other spectacle frames.

**SPECTACLES.**—My attention has been called to an article in the public papers and circulated in handbills about this city, called Perifocal Spectacles, said to be constructed in accordance with the philosophy of nature, in the form of a CONCAVO-CONVEX ELLIPSE. What is meant by the philosophy of nature may be hard to tell, but certainly they are at variance from the laws or principles of Optics, as certainly no Ellipsis can converge the rays of light to a perfect focus. They are said not to be the French meniscus or Wollaston's periscope (one and the same construction of glasses.) The meniscus lens is a truly ground surface, concave on one side; the other side, possessing a greater degree of sphericity, consequently becomes a magnifying glass. This species of glass will converge the rays of light the same as a double convex lens. The application of this form of lenses in the shape of Spectacles, gives the eye a greater field of vision.

The celebrated Dr. Brewster, in speaking of these Spectacles says that they give decidedly more imperfect visions than common spectacles, because they increase both the aberration of figure and of color; but they may be of use in a crowded city in warning us of the oblique approach of objects. Now, as spectacles are intended to assist nature, and the eye, the most perfect masterpiece of Divine Mechanism, (in its natural state,) every part has the very form and office which the laws of optics require for the most perfect vision of an object. Is it not preposterous to apply a piece of bent concave or convex glass without true form or figure to its assistance? On the contrary, is it not reasonable to conclude that their continued use would destroy the eye entirely? Spectacles are probably the most ancient of all optical instruments, and yet has undergone the least change of any. The subject has been well considered by Opticians throughout all Europe for ages, and the general conviction is that a truly ground concave or convex lens is the most suitable for assisting decaying or unnatural visions of the human eye. **R. PATTEN.**

The subscribers have for sale at their manufactory, on Pennsylvania avenue, south side, between 10th and 11th streets, a general assortment of the best of Spectacles, with truly ground glasses. Glasses of the best quality fitted to old frames, &c. Also, Surveyor's Compasses, Levels, and Drawing Instruments, of the best quality.
